Subject: RE: PGV Requested Documents

Ron,

Thanks for sending the 2013 reports. We would appreciate if you would also send the same reports (Condition 20 chemistry, emergency generator PM, and mechanical integrity tests for injection wells) for 2010, 2011 and 2012. For the emergency generator, we might need the detailed PM reports to show work frequency. Please also send the Condition 20 report that is submitted to DOH with the chemistry data.

Thanks,

Will
